Laura's Experience

Volunteers like Laura Saravia are the lifeblood of Re'Optima's efforts. At the Community Baby Shower, Laura witnessed firsthand the impact the organization has on families in need. Her interactions with mothers like Nawel, Devon, and Cathy inspired her to continue advocating for families and supporting nonprofits like Re'Optima.

Here's what Laura had to say about her experience:

"My experience volunteering at the Re'Optima annual baby shower was truly rewarding. Interacting with families in need highlighted the various challenges mothers face in meeting their children's needs. It became evident how essential it is to have more nonprofits like Re'Optima that provide vital support to these mothers. Through heartfelt conversations and shared moments, I learned just how much these families depend on community resources. Witnessing their resilience and determination inspired me and reinforced the importance of extending compassion and resources to those in need. This event motivated me to advocate for more assistance programs in the future, ensuring that every mother feels empowered and supported."
